

Intensive In-Home Child and Adolescent Psychiatric Services (IICAPS)

Having a child return from hospitalization, or be at risk for hospitalization or placement outside of the home is scary. Families facing this possibility now have **real hope**.

Sometimes life can feel like there are no more options. For children returning from, or at risk for, hospitalization or placement outside of the home, CHR is there to help. Our Intensive In-Home Child and Adolescent Psychiatric Services (IICAPS) is a home-based, family-focused treatment program that helps children in their homes and prevents the need for hospitalization. By recognizing a child's strengths, we can focus on them as part of a specialized treatment plan. We also help identify and resolve problems that could result in hospitalization.

A CLOSER LOOK AT IICAPS

IICAPS is a proven approach found to be useful in a wide range of children up to age 17 and their families, including youth with emotional issues. This includes youths who are returning home from psychiatric hospitalization, at-risk for institutionalization or hospitalization, or need more than traditional outpatient services.

OUR SERVICES INCLUDE:

- Home-based, time-limited, individual and family therapy
- 24-hour crisis response
- Parent guidance and training in behavioral management techniques
- School consultation
- Case management

HOPE CAN BE FOUND AT HOME

There are children who need extra help to improve important relationships at home, school and in the community. IICAPS is a proven approach found to be useful in a wide range of children up to age 17 and their families, including youth with emotional issues. This includes youths who are returning home from psychiatric hospitalization, at-risk for institutionalization or hospitalization, or need more than traditional outpatient services.

HERE IS WHAT OUR CLIENTS AND THEIR FAMILIES ARE SAYING:

"They helped me be the mother role in the family instead of the sister role, and my son listens now."

"The best thing about the program...helping me." (8 year-old female)
